B.C. Food Handlers School Held Here

The Statesboro-Bulloch County Health Department with the assistance of Mr. Milton H. Tripple of the Georgia Department of Public Health, has just completed the first food handler's school to be held in this area.

The purpose of the school was to bring in food handling establishment operators for 2 afternoon sessions of the State Health Department for the next 2 operators. A great quantity of sanitation information was conveyed to these people during the 2 sessions, and of course the whole purpose is to make it possible for the commercial eating establishments to provide safer foods, safer service and improved methods of sanitation and cleanliness.

Twenty-seven eating establishments consisting of cafes, the hospital and school lunchrooms were represented and cooperated to the utmost. 117 different individuals attended the classes and concluded them with an increased knowledge of public health and how it relates to food handling establishments. 6 establishments in Statesboro and the county were not represented.

Inasmuch as the entire program was attended on a voluntary basis only makes us believe that such operators are anxious to cooperate with the idea of improving their establishment and provide better protection to the public and the community.

The Bulloch County Health Department personnel thanks all operators and employees for their fine cooperation.

Dr. Lundquist At Lab High P. T. A.

The Laboratory High School P. T. A. met in the Auditorium Monday night, Feb. 16, when Dr. Lundquist, of the University of Georgia, was the guest speaker.

Before the meeting was called to order, Miss Dorothy Dahoney, president of the P. T. A., presided. On the piano, Mr. Tully Pennington of the Teachers College science faculty gave an inspirational talk on making our lives more beautiful by trying to appreciate the beauties of nature.

After the minutes and treasurer's report were read, Mr. J. T. Pickett, chairman of the P. T. A., presided. A nominating committee was selected by nominations from the floor. The committee selected was Miss Marjorie Crook, chairman, Mrs. Marie Wood, and Mrs. Frank Mikel.

The room course was taken. Miss Dahoney's eight grade class posed on the lawn in front of the building and won the dish garden. Mrs. John Erickson, chairman of the program committee, then introduced Dr. Lundquist, Public Health Officer. Dr. Lundquist gave a most informative talk on Civil Defense. He showed a film which demonstrated what other communities are doing for civil defense and then pointed out what we are doing and also what we can do. One mistake idea most people have about civil defense is that we are preparing for an atomic attack by some foreign enemy. Civil defense actually means preparing ourselves to meet an emergency, such as floods, tornadoes, fires, hurricanes, etc.

Miss Marie Wood called attention to Founder's Day on February 17. She displayed charts giving a short history of the founding of Parent-Teacher Organizations.

Band Concert On Sunday Afternoon

On Sunday afternoon the Statesboro High School Band will present one of its most outstanding concerts of the three and a half years Guyton McDaniel has been its director.

The entire program has been built with the enjoyment of the listener first in mind but there is a single number to be played that is not worthy of the efforts of a good band.

The program will include Iron's "American Grandeur," Strauss, "Tales from the Vienna Woods," Pilsbury's great march, "Americans We," and Sousa's mortal "Stars and Stripes Forever." Mary Wilkes, talented pianist will perform "Stude in Boogie" as a piano solo with band accompaniment, and various members of the band will be featured in solos during certain numbers. A great crowd pleaser is Bennett's fine arrangement of "Stormy Weather." Johnny Lightfoot is presented as trumpet soloist in this number.

The program begins at 4 o'clock and everyone is urged to take this opportunity to hear one of Georgia's finest organizations of young musicians.

Dr. George H. Hunt, pastor of the church, performed the ceremony in the presence of the bride's family and mutual friends of the couple.

A program of wedding music was presented by Mrs. Eyr Della Feely, organist, and vocalist, Miss Martha Doughty, of Ames, Iowa.

S-Sgt. John Birdson of Point Arena, Calif., served as best man. Ushers were Arie Charles F. Hagerty and Arie Clifford Abraham, both of Weaverville, Iowa.

Miss Dorothy Green of Lincoln Nebraska, maid of honor, was groomed in blue chiffon over satin, and carried a cascade bouquet of white carnations.

The bride wore a gown of white satin and Chantilly lace. The bodice of lace over satin fashioned with long sleeves ending in calla points over the hands, had a small Elizabethan collar. Wide lace insets on each side of the gown formed a panel down the front of the full skirt which extended to form a junior train. Her finger tip veil of illusion was caught to a small satin bonnet trimmed with

clusters of seed pearls. Her bridal bouquet was of pink Aristocrat roses.

The bride's mother wore a plum crepe dress with black accessories. Her corsage was of pink carnations.

Immediately following the ceremony, the wedding guests were entertained with a reception at Hull Chapel.

The bride and groom are spending their honeymoon in Statesboro. Upon their return they will transfer to Rapid City, South Dakota, where the groom will serve as radio operator in the U.S. Air Force.

The nitrogen content of Chilean Nitrate is 100% nitrate nitrogen — 100% fast-acting — 100% dependable. No antidote is necessary. Chilean Nitrate is non-acid forming. Rich in sodium and minor elements. Chilean Nitrate is rich in beneficial sodium that makes a stronger, deeper root system — improves crop health, vigor and nutritive value. It also contains small quantities of essential minor elements.

Salute TO GEORGIA COUNTIES
Clay County
Indian Battleground
FOUNDED 1864
COUNTY SEAT, PORT GAINES

Clay County in southwestern Georgia was founded to surround the Chattahoochee River outpost of Fort Gaines, which dates from 1816 during the Indian Wars. In the early days cotton plantations bolstered river traffic. Today peanuts and cotton are leading products with more of the county moving toward cattle raising and planted pastures. Principal industries are peanut shelling, cotton gins, fertilizer mixing, a game bird farm, nursery for ornamental plants, and sawmills.

In this and other Georgia counties, the United States Brewers Foundation works constantly to maintain wholesome conditions where beer and ale are sold. Close attention is given areas near camps of the Armed Forces, and both military officials and Georgia law enforcement officers have commended the Foundation's self-regulation program. Retailer educational meetings offer sound suggestions for continued operation in the community's interest.
